

Meet the Builder Event in Chatham County

Sunday May 25, 11am – 4pm

Sponsored by Raleigh Custom Home Builder Stanton Homes

Expert opinions – on our dime – about your project

Looking for a knowledgeable point of view about that **new home, remodeling project or building concept** you're planning? Bring your **floor plan, blueprints and ideas**, and let a local, Licensed General Contractor and custom home builder give you his thoughts – as one neighbor to another.

Free Lunch – Hamburgers and Hot Dogs Fresh Off the Grill

Stanton Homes is sponsoring a free **“Meet the Builder”** event on Sunday May 25th, 11am – 4pm, in Chatham County, with **CEO Stan Williams on site to answer your questions** and offer suggestions.

Stan brings the latest trends and techniques to the table, along with the combined decades of experience of his team at Stanton Homes – and the success of starter homes, duplexes and multi-million dollar estates on both Coasts – and a renowned reputation for providing incredible details for every budget.

Stan's custom home builder perspective will help unravel the mysteries of what kind of home to build, whether to buy new or renovate, and the kinds of changes you can make.

What kinds of questions can I ask?

Anything that involves the **construction aspects of a new home or building project**, such as these questions:

- Should my new home have a **basement**? What's the ballpark cost, and what's involved?
- Can someone **build the floor plan** I like on the lot I've purchased? (Bring a copy of your plot map, and any neighborhood restrictions.)
- What **kind of insulation** is best for my new home or remodeling project?
- Should I **spend money upfront** for upgrades like hardwood floors, or am I better off doing these kinds of things later?
- Should I engage a **home inspector** before the sale is finalized on my new custom home?
- I'm interested in **rainwater collection systems**. What are some of my options? How difficult are they to install? How much space do they take?
- Can I **move this wall, or rearrange this kitchen** in the floor plan I'm considering?
- Can this floor plan be adjusted to **provide some extra space**, like a bonus room?
- What's the difference between a "normal" home and an **ENERGY STAR home**?
- I'm starting to think about retirement. Am I better off purchasing a **one story home**, or a home with a **main floor master bedroom**? Which is more cost effective?

What should I bring?

That depends on what you want to talk about. Some things to think about:

- **Your floor plan, blueprints and ideas.** Most home plan websites have a print option – just print out the floor plan you're considering. No need to purchase the full set of blueprints until you are sure the plan will work for you.
- **A copy of your plot map, and any neighborhood restrictions.**

What will Stanton Homes provide?

An opportunity to talk with a licensed contractor about your project, without obligation or cost.

In addition:

- If you're considering building a home in the Raleigh area, Stanton Homes will follow up with a **free initial building cost estimate**, building on your lot or ours.
- Or email your plan to us at least 4 days in advance to info@StantonHomes.com, and we can **go over the initial estimate with you** at the Stanton Homes "One Neighbor to Another" Meet the Builder Event.

Meet Stan Williams at the Stanton Homes Meet the Builder Event at 752 Rebecca Lane in Cattail Creek, just northwest of Pittsboro in Chatham County.

[Click here for directions.](#) Take the second entrance into Cattail Creek. Follow the Stanton Homes signs. 752 Rebecca Lane is the first home on the left using the construction entrance, or the last home on the right if you enter through the main entrance.
